miXuri range of mounting tapes

Fine runs, brilliant half-tones, perfect areas or clean lettering: Regardless of the printed image you're striving for, miXuri guarantee excellent results.

This brochure provides an overview of which products we recommend to produce your desired print image. Practical for your storeroom the colour-coded packaging ensures immediate product identification. miXuri relies on the technical excellence of its team to provide effective adhesive solutions to the increasingly complex market demands.

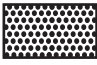

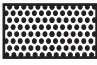

miXuri Mounting Tape

All rolls supplied in 25 metre lengths

Narrow Web Market Thickness category 0.38mm (0.015")

Product Code	Colour Code/Foam	Print	Printed Image
SSB.F.15S	soft		Soft tape to print fine process work.
SSB.F.15S Plus*	soft		*Plate side high adhesion
SSB.F.15M	medium		Medium hardness tape to print half tone work.
SSB.F.15M Plus*	medium		*Plate side high adhesion
SSB.F.15H	hard		Hard tape to print solids with good ink transfer.
SSB.F.15H Plus*	hard		*Plate side high adhesion

Wide Web Market Thickness category 0.55mm (0.020")

Product Code	Colour Code/Foam	Print	Printed Image
SSB.HQF.20S	X-soft		Soft tape to print fine process work.
SSB.HQF.20S Plus*	X-soft		*Plate side high adhesion
SSB.HQF.20MS	soft		Medium soft to print process and mixed.
SSB.HQF.20MS Plus*	soft		*Plate side high adhesion
SSB.HQF.20M	medium		Medium hardness tape to print half tone work.
SSB.HQF.20MP Plus*	medium		*Plate side high adhesion
SSB.HQF.20MH	medium hard		Medium hard to print barcode, text and small solid.
SSB.HQF.20MH Plus*	medium hard		*Plate side high adhesion
SSB.HQF.20H	hard		Hard tape to print solids with good ink transfer.
SSB.HQF.20H Plus*	hard		*Plate side high adhesion

Wide Web 60 thou Thickness category 1.52mm (0.060")

Product Code	Colour Code/Foam	Print	Printed Image
SSB.F.60M	medium		Medium hardness tape to print half tone work.
